Meeting room setup made simple

1 Place your Meeting Owl on the conference room table

2 Plug in power. Connect USB to an on-room computer or laptop.

3 Download the Meeting Owl mobile app and register your Owl.

4 In your video conferencing platform, choose Meeting Owl for audio and video.

"

The Meeting Owl Pro enables us to kick off meetings quickly with high-quality video and sound, eliminating the need to plug in multiple devices and dial in audio by phone, and most importantly makes our globally-dispersed teams feel like they're in the room with us.
